PEOPLE POINT

Srinivasan from People point into staffing, training and outsourcing services..... From doorman lock to treasure chest fixtures, Knob shop has all !! A Friend, from another member of BNI Fraternity, had an apartment made. I Refrained referring our BNI Admiral members for obvious reasons. However was surprise, that when he wanted a complete modular kitchen, with fixtures and components including accompaniments of dishwashers, oven etc, he approached me for good source. Knob shop Sailesh Golcha was referred, obviously, and in no time, gave a quote for the brand specific requirement, with timelines for delivery and a price which was competitive. Customer impressed gave order immediately and thanked me as well for the professional and spontaneous approach. On delivery it was, was observed the oven had a broken glass window and unusable. Mr. Sailesh took upon to resolve and tracked the replacement which has to come as separate international shipments with usual SKU delivery. The customer though had to wait for logistics reasons, was relieved to receive the replacement for effective use. He was so appreciate of Sailesh jis level of contact though he had established a contact with Chennai and other suppliers, he endorsed a replacement of defective piece would have become a challenge, if dealt with another. A distant relative who I visited in Dindigul, who had just built a house, also showed me the exclusive features of house, proudly mentioned that he buys and would recommend only Knob shop. Though he was apprehensive about the fact that I know Mr. Sailesh well, as I am in un connected line of business. A testimony to show the power and reach of Knob shop across the geographies Sailesh ji, though we know is shan-n-shah of his line of business, where he keeps saying there are no Competitors but only Followers – this incident was a tell tale episode of clout, reach and expertise in his field. Feel proud Sailesh ji on you power and principle of connects, contacts in industry
